

REBECCA RECOMMENDS

Inspirational destinations & properties of excellence

Dear Friends,

After months of planning and designing, Rebecca Recommends is proud to unveil our fresh, new website: rebecca-recommends.com. It is with great pride that we invite you to enjoy the stunning photography and interesting stories about each of [our esteemed clients](#). Truly, they are the shining stars here.

We would like to thank the top-notch team at Image Ark, a creative studio in the heart of the World Heritage Site of Patan Durbar Square in Nepal, for their sophisticated design. At every step of the way they shared our desire to bring you a useful, beautiful, navigable website to help you stay informed about our Rebecca Recommends hotels and on-sites.

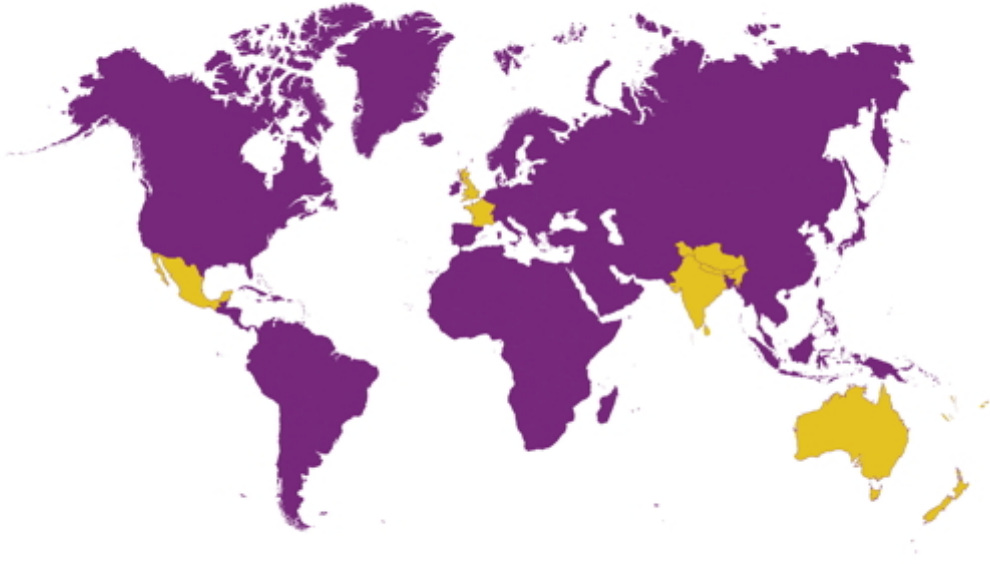

We think you'll love the links to itineraries, which you can show to clients to pique their curiosity and answer any questions. We're proud of the new map -- seen below -- that shows all the fabulous places our clients cover.

Finally, we are introducing the Travel Notebook, an opportunity for me to share my favorite tales and discoveries from the road, and hopefully inspire you as you help create beautiful travel memories for your clients.

We are thrilled to share this labor of love with you. Please take a look around and let us know what you think.

Fondly,

vip@r-recommends.com
