Adventure Travel and Tourism

Dear Friends,

If variety is the spice of life, adventure travel offers it in spades.

In today's world, with incredible travel advisors like you by their side, your clients can dream bigger and go farther than ever before. From the jungles of Sri Lanka to the peaks of Nepal, you're able to offer immersive, life-changing experiences that not only better the lives of your clients, but the region they've chosen to visit.

The Rebecca Recommends team is no stranger to adventure. Currently, Carol Kennedy and her husband are enjoying a 30th wedding anniversary trip put together by [Curated Greece](#). The couple loves to stay active on their vacations and are seeking out adventures on some of the most remote islands of Greece - a fulfilling experience when put together by such an expert DMC as Curated Greece. We can't wait to hear their stories and see their photos.

As for me, I'm looking forward to an international trip with TRAVEX at the end of November and - fingers crossed - the UK for Christmas and New Year. In 2022, I have much more travel on the horizon, including Turkey, Sri Lanka, Scotland, Nepal, Australia and New Zealand.

Go Off Road

Take the road less traveled to discover off-road gems in Israel. Jeep along the volcanic terrain of the Golan Heights. Try your hand at self-drive ATVs in the Judean Desert. Paddle along the lazy tributaries of the Jordan River in the Upper Galilee.

Go Under Water

Snorkel and dive to check out what is hidden below the surface of the sea. In Caesarea, along the Mediterranean coast, explore the captivating underwater excavations of the ancient harbor. In Eilat, Israel's southernmost city, journey under the Red Sea and discover a vibrant rainbow of sea life.

Choose Soft Adventure

Engage the entire family and make the most of your time together. Hike through the Judean Hills to a freshwater spring or go "dune surfing" in the desert. Bike along off-road trails or more urban routes around the country. Rappel down the cliffs of the Ramon Crater or even down the walls of the Old City of Jerusalem.

Abundant adventure awaits in Israel, immersing travelers in the beauty, culture and personality of the Middle East.
