

The background of the entire page is a photograph of ancient stone architecture. The top half shows a close-up of a frieze with intricate carvings of acanthus leaves and scrolls. Below this, a horizontal band of text is centered. The bottom half of the image shows a view through an opening in the wall, revealing several large, ornate stone columns and a dirt-covered ground with some debris.

The Sea Song team has been working hard over the last 15 years to build a company that is completely focused on the experiences of our travelers. We pay attention to every detail from the time of their arrival until their departure. This makes the Sea Song difference.

Turkey is an amazing country full of wonderfully diverse experiences from location to location.

Imagine exploring the city of Istanbul with one of the most knowledgeable guides and visiting all of the “must see” important historical sites, and finding a special neighborhood to have a Turkish Coffee or tea. A private yacht cruise on the Bosphorus gives a completely different perspective on the city. Visit the bustling Grand Bazaar and have fun bargaining with the locals.

Imagine visiting Cappadocia with its lunar landscape that can not be seen anywhere else in the world. Explore an underground city or a cave church. Float over the landscape in a hot air balloon or take a hike in the valley on a crisp morning. Try your hand at making pottery in the town of Avanos.

Imagine what it was like in the ancient city of Ephesus during Roman times when 400,000 people lived in the city and all of the wonderfully restored antiques were in full use. This city is not to be missed and exploring the temples, theaters, library and agora brings you back to ancient times. The newly-restored Terrace Houses of the very wealthy Ephesinians are just spectacular and full of intact mosaic floors and frescoed walls.

Imagine stopping in the resort town of Bodrum with its beautiful seaside and turquoise waters. Wonderful resort hotels line the shores with luxury services and delicious cuisine. A haven for seafood lovers. Go out on a gulet sailing yacht and explore the coast from the sea. Your captain is an expert navigator and your chef a creative cook. Stop at the many historic sites on the shores and enjoy a variety of water sports in the most beautiful pristine coves and bays.

This is Turkey, our home and we welcome you to join us and explore the many diverse experiences it has to offer with Sea Song.

Istanbul
