CURTAIN BLUFF, ANTIGUA**

Antigua, with its picturesque beaches, rich history and deeply rooted culture, has long been a coveted Caribbean escape. As the island continues to captivate travellers, so does one of its most sought-after resorts, Curtain Bluff. Having recently undergone a remarkable renovation, the all-inclusive resort (which is part of the respected Relais & Châteaux collection) boasts 42 newly-designed suites all situated directly on the sand – or a few steps from it. Each one celebrates the island's vibrancy with uplifting pastel colour palettes and locally-sourced, handcrafted furnishings.

Nestled between two coves, Curtain Bluff is conveniently located to discover the island's charm: from snorkelling or surfing in crystal-clear waters to exploring the bustling, historic English Harbour. After a day of exploration, Sea Grape – the resort's open-air, beachfront restaurant – invites you to relax with flavoursome dishes and soothing sounds of the sea.
